We think the Cambridge curriculum is superb preparation for university.

Christoph Guttentag, Dean of Undergraduate Admissions, Duke University, USA
Welcome to Cambridge

Cambridge International Examinations prepares school students for life, helping them develop an informed curiosity and a lasting passion for learning. We are part of Cambridge Assessment, a department of the University of Cambridge.

Our international qualifications are recognised by the world’s best universities and employers, giving students a wide range of options in their education and career. As a not-for-profit organisation, we devote our resources to delivering high-quality educational programmes that can unlock learners’ potential.

Our programmes and qualifications set the global standard for international education. They are created by subject experts, rooted in academic rigour and reflect the latest educational research. They provide a strong platform for learners to progress from one stage to the next, and are well supported by teaching and learning resources.

We develop our qualifications according to our Code of Practice and the Cambridge Approach. We are accredited as an awarding body by Ofqual (Office of Qualifications and Examinations Regulation), the UK government’s regulator for awarding organisations and qualifications in England.

Benefits for you and your school
When you choose Cambridge, you create a relationship with an organisation that has an excellent reputation as the leader in international education. Our reputation will help strengthen the status of your school, as you become part of the global Cambridge learning community.

Understanding learners’ needs around the world means listening carefully to our community of schools. We are pleased that 98 per cent of Cambridge schools say they would recommend us to others.

Benefits for your learners
Cambridge programmes and qualifications have a proven reputation for being an excellent preparation for university, employment and life.

Your learners can be confident that the results they receive are fairly awarded against our consistent global standard.

Many thousands achieve the grades they need to progress to their chosen university. Leading universities and employers worldwide value and recognise Cambridge qualifications as evidence of academic ability. They open doors for Cambridge learners.

Together with schools, we develop Cambridge learners who are confident, responsible, reflective, innovative and engaged – equipped for success in the fast-changing modern world.

Over 10000 schools are part of the Cambridge learning community
Cambridge programmes and qualifications are taken in more than 160 countries
98% of Cambridge schools would recommend us to others

www.cie.org.uk
Students are both challenged and excited by Cambridge curricula, and are extremely well prepared to succeed at the highest levels at even the most prestigious institutions of higher learning.

Alexander B Carter, Principal, Brentsville District High School, USA
Cambridge programmes and qualifications

Cambridge programmes and qualifications are carefully designed to engage your learners and give them solid foundations to achieve high levels of academic and personal attainment.

The programmes are progressive, giving you and your learners a clearly defined path to success from 5 to 19 years. Our four stages lead seamlessly from primary to secondary and pre-university years, and each stage builds on the learners’ development from the previous one.

We offer flexibility, allowing you to shape Cambridge curricula to the needs and abilities of your learners. You can offer our programmes and qualifications for learners at every stage, or focus on specific ones.

Our programmes and qualifications are compatible with other curricula, so you are free to build a unique curriculum that suits your school’s values. When you register with us we will give you support and guidance on how to implement Cambridge programmes, so that you make a smooth transition.

We offer comprehensive support in four areas, designed carefully around the needs of Cambridge learners and teachers:

- **Curriculum**: develops learners’ knowledge, understanding and skills. Our curriculum sets clear goals for learners and teachers.

- **Classroom**: support and guidance helps teachers and learners perform to their maximum ability. We offer world-class teacher and learner resources.

- **Qualifications**: provide learners with a global passport to success. We offer reliable, rigorous and flexible assessment, leading to internationally recognised qualifications.

- **Community**: brings Cambridge schools, teachers and learners closer together through the sharing of best practice and ideas.

www.cie.org.uk
We have chosen Cambridge Primary and Cambridge Secondary 1 for the three main subjects – English, mathematics and science – and follow the National Danish Curriculum in all other subjects, and it works wonderfully.

Joakim Philipsen, Head of International Department, Viborg Private Realskole, Denmark
Cambridge Secondary 1

Cambridge Secondary 1 is typically for learners aged 11 to 14 years. It builds on the foundations of Cambridge Primary, although it is not essential to have completed that stage before beginning Cambridge Secondary 1.

Cambridge Secondary 1 develops learner skills and understanding in English, mathematics and science for the first three years of secondary education.

It provides you with a flexible framework which you can use to develop a curriculum that is tailored to your needs. Cambridge Secondary 1 provides excellent preparation for Cambridge Secondary 2 and other educational systems.

Our curriculum

- provides a natural progression from primary education
- sets clear learning objectives for the first three years of secondary education in English, mathematics and science
- is compatible with other curricula, internationally relevant and sensitive to different needs and cultures
- is appropriate for learners whose first language is not English
- gives you optional routes to use sections that suit your situation best
- focuses on learners' development and provides schools with international benchmarks.

Cambridge ICT Starters

Information and Communications Technology (ICT) is now part of the educational experience worldwide. It is regarded as a new ‘literacy’, alongside reading, writing and numeracy.

Cambridge ICT Starters introduces learners, within Cambridge Primary and Cambridge Secondary 1 stages, to the key ICT applications they need to acquire that literacy and to understand the impact of technology on our daily lives.

Taken in over 100 countries worldwide

Over 2000 schools around the world teach it

More than 75 000 entries each year for Cambridge Checkpoint

Secure online support and performance analysis tools

Provides international benchmarks for learner performance

www.cie.org.uk/cambridgesecondary1
Cambridge Checkpoint provides a worthwhile diagnostic tool for the teacher and a valued and significant milestone for students.

Robert Laytham, teacher, Visser ‘t Hooft Lyceum, Leiden, The Netherlands
Classroom support for teachers and learners

A range of support resources is available for Cambridge Secondary 1 to help teachers plan and deliver English, mathematics and science. Resources are also available for Cambridge ICT Starters. Teachers can access these resources once their school becomes a registered Cambridge school.

Our assessments

Many schools use the Cambridge Secondary 1 testing structure to assess learner performance and report progress to learners and parents. Cambridge Secondary 1 assessment uses internationally benchmarked tests, giving parents extra trust in the feedback they receive.

There are two testing options at Cambridge Secondary 1 stage: Cambridge Secondary 1 Progression Tests and Cambridge Checkpoint for learners typically aged 11 to 14 years.

Cambridge Secondary 1 Progression Tests:
- provide detailed information about the performance of each learner for stages 7, 8 and 9 of the curriculum
- enable teachers to give structured feedback to learners and parents
- enable teachers to compare the strengths and weaknesses of individuals and groups

• are marked by teachers in your school
• come with clear guidance, standards and mark schemes
• can be used at any time during the year
• can be downloaded securely online.

Cambridge Secondary 1 provides a unique analysis tool for Cambridge Progression Tests – the Cambridge Progress Checker – to track learners’ progress. Using a spreadsheet, teachers upload learners’ test results and can then analyse results and create and print reports. This enables comparisons of a learner’s result against their class, school or other schools around the world, and on a year-by-year basis.

Cambridge Checkpoint:
- is a test to assess learning at the end of Cambridge Secondary 1 and provide evidence of readiness for the next stage
- is available for English, mathematics and science. English as a Second Language tests are available from our sister organisation Cambridge English Language Assessment
- tests skills, knowledge and understanding for stages 7–9 of the curriculum for English, mathematics and science
- feedback report shows how a learner has performed in relation to the curriculum, their learning group, the whole school and against all learners who have taken tests in that series around the world
- tests are marked in Cambridge to provide an international benchmark of learner performance
- learners receive a statement of achievement and a diagnostic feedback report.

Support for Cambridge teachers

We offer a wide range of support resources to help teachers plan and deliver our programmes and qualifications.

Secure online support

We offer free, secure online support to Cambridge teachers.

Teacher Support
An online resource bank and community forum where teachers can access thousands of Cambridge support resources, exchange lesson ideas and materials, and join subject-specific discussion forums.

Assessment tools
We provide dedicated online support to schools registered to offer Cambridge Primary and Cambridge Secondary 1. Teachers can download Progression Tests and use results analysis tools to monitor learners’ progress.

Ask the Examiner seminars
These sessions take place on Teacher Support after exam results have been released, giving teachers an opportunity to ask examiners any questions they have about the series.

Teaching resources

Our teaching and learning resources help teachers plan and deliver Cambridge programmes.

Syllabus (or curriculum framework)
The most important documents teachers will use. They describe what learners need to know, what they must be able to do, and how they will be assessed.

Schemes of work
A medium-term plan that gives ideas on how teachers might deliver the course.

Teacher guides
Some subjects have teacher guides which provide extra guidance on planning and teaching.

Textbooks and publisher resources
We publish lists of resources to support teaching, including textbooks and websites. Some of these resources are endorsed by Cambridge International Examinations, which means we have quality checked them and judge them to match the syllabus well.

Example candidate responses (standards booklets)
Real candidate answers are shown alongside examiner comments so teachers can see the level of performance needed to achieve each grade.
Exam preparation materials

We provide information after each exam series to help teachers understand the standard of Cambridge exams and prepare learners effectively.

Past question papers
We publish past papers for each subject. Great for giving learners practice at answering different types of question.

Examiner reports
Our principal examiners write detailed reports describing learners’ overall performance on each part of the question. The reports give insight into common misconceptions shown by learners, which teachers can address in lessons.

Grade thresholds
These show the minimum number of marks learners needed to achieve in order to be awarded a particular grade.

Mark schemes
These help teachers understand how marks are awarded for each question and what examiners look for when they mark.

Professional development

Our comprehensive professional development programme includes training courses and qualifications for teachers at different stages of their careers.

Face-to-face training workshops
We hold workshops around the world to support teachers in delivering Cambridge syllabuses and developing their skills.

Online training
We offer self-study and tutor-led online training courses via our virtual learning environment. A wide range of syllabus-specific courses and skills courses is available. We also offer training via video conference and webinars, so our trainers can deliver a face-to-face training experience anywhere in the world.

Cambridge Professional Development Qualifications
We provide qualifications for teachers and trainers who want to develop their thinking and practice. Find out more from our website at www.cie.org.uk/pdq
Join the Cambridge community

Join our community and be part of a global network of more than 10000 schools in over 160 countries.

When you become a Cambridge school, you join a worldwide education community. Our range of activities includes community events for Cambridge school leaders and heads of department, professional development events including our annual Cambridge Schools Conference, workshops with Cambridge experts where you can learn at your own pace, and online ‘Ask the Examiner’ question and answer sessions. You have free and unlimited access to Teacher Support, our secure online support for Cambridge teachers where you can share resources and ideas, get access to Cambridge experts and explore discussion forums. You can also use our LinkedIn group to network with Cambridge teachers.

Learners have access to online resources such as revision guides and sample questions. We also have a Facebook page where learners can take part in debate, with Cambridge and with each other.

“Cambridge gives clear guidelines and progressive objectives to help teachers optimise student learning at each stage. This makes coordination amongst staff members easier and the gap between stages no longer exists.”

Jean Gerardi, Teacher, St. Gregory’s College, Argentina

www.cie.org.uk/startcambridge
What next?

If you would like to take Cambridge programmes and qualifications, and are already a Cambridge school, please contact us – our details are below. If you are not a Cambridge school already, you need to register first. There are four simple steps and we will guide you.

**Become a Cambridge school**

There are four steps to becoming a Cambridge school:

1. **Step one: Express your interest**
   We aim to contact you within two working days of submitting your expression of interest.

2. **Step two: Complete our Application Form**
   We aim to contact you within five working days of submitting your Application Form.

3. **Step three: We carry out an approval visit**
   We will arrange a time that is convenient to you.

4. **Step four: You become a Cambridge school**
   If you are approved to become a Cambridge school we will send your contract letter within 30 working days of the approval visit.

You can find more information at www.cie.org.uk/startcambridge

**Start working with us**

On completing the registration process, we will send you a Welcome to Cambridge pack. This contains a wide range of support materials to get you started.

**Classroom support**

You will receive a range of excellent support for teachers and learners, to help deliver Cambridge education programmes and qualifications in every classroom.

**Implementing the Cambridge curriculum**

We have produced a guide to help school leaders implement the curriculum with Cambridge. Find it at www.cie.org.uk/curriculumguide

**Fees**

We charge each school an annual registration fee, plus fees for each examination entry.

**Marketing support**

To help you make the most of your association with Cambridge, we will provide your school with marketing materials as part of the Welcome to Cambridge pack. We will also give you access to Marketing Resources, a secure area of our website, where you can download posters, logos and factsheets to help you talk to parents about Cambridge.

**Administration support**

You will be able to use CIE Direct, our online tool for exams officers, which allows you to communicate securely with us and exchange all administrative information, including exam entries and results, entry instruction booklets and other documentation. You can always contact us if you need help, or simply have a question that is on your mind. We are pleased to say that our customer service is rated as the best in its class.
